100 NEW WORKERS TODAY

Director of Drive Augments Force in Effort to Fill Quota Wednesday.

Addition of 100 more workers to the Victory loan forces is expected to stimulate efforts of campaigners to the extent that when the drive is resumed this morning the remainder of Tulsa's bond quota will be sold by Wednesday night.

Spirited appeal to the loan workers for redoubled activity was made by City Manager A. V. Davenport Saturday. Not satisfied, however, with promises, and firm in the belief that some workers are "passing the buck," the city manager issued the call for 100 more volunteers.

Tulsa's total subscribed is now \$2,875,000, just \$2,750,000 short of the quota.

Scheduled to arrive this morning via the Frisco a six-ton magnet unit of the United States army tank service, which has been service at Argonne forest, will be parked on South Boston between Third and Fourth streets.

It was first thought that several tanks would arrive in Tulsa today, but recent information places the number at one. A full crew of tank manipulators will accompany the engine of war.

A "flying circus" consisting of three captured German airplanes is scheduled for arrival May 3. These machines will probably be cared for at the hangar of the Curtis Southwest Airplane company, east of Kendall college.

TRADE TRIPPERS ON FIRST TRIP TUESDAY

125 Business Men of Tulsa to Tour Towns and Make Friends for Tulsa.

The business men of Tulsa start on their first annual spring trade trip Tuesday morning at 7 o'clock. Towns of Creek, Pawnee, Payne, Osage and Tulsa counties will be visited on the trip.

Team work is to be the big idea on this trip and while over 125 men of various business enterprises have signified their intention of going, they will not only carry their individual messages but will represent Tulsa collectively.

A band and a whole lot of good talkers will take the trip. A concert will be played at each stop by the band, and where the time permits the boosters will parade, stopping at the business center for a visit with the citizens of the various towns.

Several towns have notified the committee that they are planning entertainments of various sorts during the visit and in nearly every instance a feature will be greetings from the school children.

Sand Springs will be the last stop on Tuesday's schedule and the party expects to reach home at 9:30 o'clock that night.

POWELL WEAVER TO BRING OUT MUSIC LOVERS TONIGHT

When Powell Weaver, celebrated artist of Kansas City, is presented in organ recital at Convention hall this evening music lovers of Tulsa will have the opportunity of enjoying a program which will stand in a class by itself in the season's activity in music circles. This evening program begins at 8:15 and is free to the public.

Powell Weaver is successor to the late Edward Kreiser of Kansas City artist who played the opening number on the organ installed here. Weaver has appeared twice in Tulsa, once as accompanist to Paul Althouse, Metropolitan tenor, and also in the same capacity with Arthur Middleton, Metropolitan bass baritone.

Several organ favorites will be introduced to Tulsa by Powell Weaver this evening and during intermissions the high school glee club will sing.

The program is arranged under the auspices of the Community League committee.

Locate Dead Man's Relatives. Relatives of P. H. Cleary, a painter, who was apprehended in the bathroom of a local rooming house two weeks ago, have been located in Delta Point, La., and will arrive Tuesday to claim the body. P. H. McGuire was the man's real name, but for over 20 years he has been using the name of Cleary.

"Smiling Lynch" of Marine Corps Home After Six Years

Brim Full of Thrilling Stories From Battlefields of France.

SERVED IN 16 COUNTRIES

Traveled 10,000 Miles to Intern 332 Germans Captured Aboard Raider.

With a smile that could be seen a block away, Sgt. Ralph F. Lynch of 730 South Olympa street arrived in Tulsa Friday night after six years' service in the U. S. marine corps. And mightily glad he was to get home, he bubbled over with adventures from the most important battlefields of the war and filled with optimism for the future, "Smiling" Lynch, as he is known throughout the corps, has a story to tell that would fill many an interesting volume.

Having seen service in 16 foreign countries and having been stationed in five, staying in no place very long, but in each place long enough to have some thrilling adventure, this sturdy, fit looking fighter has some great experiences to relate of his travels through Porto Rico, Cuba, Mexico, Spain, Egypt, East India, China, Japan and what we now know as "over there." His first trip to France was in 1915, when his organization took \$500,000 to the relief of stranded American tourists.

Guards German Prisoners. When on his way through the Suez canal Lynch was under fire of the guns of the central powers for the first time. While stationed in Japan he helped China put down a revolt of her habitual rebellions. At another time in his wanderings this "soldier of the sea" was in a party of marines that quelled a three-day riot in Columbia, Ceylon, to protect the life of an American in a hospital there.

At the time Uncle Sam decided to put an end to the struggle in Europe Sergeant Lynch was stationed on the Mexican coast. Later, in the harbor was a German sea raider with 332 men on board. When war was declared the raider was destroyed and these men became prisoners of the United States. Lynch, now in charge of the local marine recruiting headquarters, Sergeant Lynch received a recommendation for foreign service. Within 36 hours he was on his way across.

Not long after that Lynch's enlistment expired and he received his discharge only a few days after the war. Lynch's one ambition was overseas service, but the "powers that be" assigned him to the U. S. through and through, the local boy who carried the idea of going to a "swivel chair" hero. Every month for almost a year his application went up to the major general commandant, and finally, with the aid of Lieutenant Horbusie, now in charge of the local marine recruiting headquarters, Sergeant Lynch received a recommendation for foreign service. Within 36 hours he was on his way across.

After four days out of the country, Sergeant Lynch, now in charge of the local marine recruiting headquarters, Sergeant Lynch received a recommendation for foreign service. Within 36 hours he was on his way across.

ETERNAL YOUTH

Playmates of the long ago, comrades when I used to know, I'm glad to share your joy. Never comes a summer day, but the days I used to know, I have changed and withered here, I have seen my playmate grow, growing old and turning gray, coming to the downward way, I have seen my playmate die, I have seen my playmate die.

MACKIN GIRL'S ONLY LOVER IS IN FRANCE

So Says Life Long Chum Who Lives in Tulsa—Catholic Priest Visits Her.

"She never had but one love affair, she never had but one sweetheart and he is in France. She is a good, clear-minded girl and I think she must have been struck by an automobile to have said all those crazy things credited to her. She has always told me everything and she never mentioned any new man in her letters from Kansas City."

This was the statement made Sunday to a World reporter by the life-long chum of Alice Mackin, daughter of R. F. Mackin, 120 North Nogales, in regard to the Tulsa girl reported recovering from a lapse into aphasia at a Kansas City hospital.

A telegram was received at the Mackin home Sunday from the life-long chum of Alice Mackin, daughter of R. F. Mackin, 120 North Nogales, in regard to the Tulsa girl reported recovering from a lapse into aphasia at a Kansas City hospital.

Dispatches from Kansas City Friday and Saturday indicated that Miss Mackin had ascribed her condition to disappointment in love with a Kansas City man. This is untrue, according to her sister and chum. Neither Alice Mackin's sister or chum would divulge their names.

"The family has had enough publicity already," she said, "and the whole affair is untrue. Alice never had but one beau and he is in France. She doesn't get acquainted easily enough to have fallen in love with some man in Kansas City in the two weeks she has been there. I know her too well," said Miss Alice's chum, "to believe that anything like that could have happened or that she would have admitted it if it had. She must have met with some accident to have said all the things the newspapers say she did."

"No, I do not think \$50,000,000 is too much to put into this investment at this time. I am in favor of large bond issues for such projects, and it seems to me that Oklahoma is left to the different communities or counties, not only will progress be much slower but never will the state have a complete and well organized system. The state plan is a better one."

LABOR'S LEADER BADLY INJURED

Samuel Gompers Is Thrown 20 Feet When Street Car Hits Taxi.

RIBS BROKEN, HIP SPRAINED

But Surgeons Say His Injuries Will Not Prove Fatal—69 Years Old.

TO GIVE OUT BULLETINS

Labor Chieftain Had Gone Out for Relaxation After Putting in Busy Day.

NEW YORK, April 27.—Samuel Gompers, president of the American Federation of Labor, was seriously injured this afternoon when a taxicab in which he was riding was struck by a Broadway surface car and hurled 20 feet to the curb. Surgeons who were summoned reported after an examination that two of Mr. Gompers' ribs were fractured, his right hip sprained and that he had suffered severe body contusions. Despite his advanced age—he is 69 years old—the surgeons declare there is no likelihood of the injuries proving fatal.

Mr. Gompers has been busy virtually every minute since his return from the peace conference, where he served as chairman of the commission on international labor legislation. He had left his hotel for an hour's relaxation when the accident occurred.

Although it was insisted that Mr. Gompers' condition was not critical, officials of the American Federation of Labor said bulletins would be issued reporting his condition.

BUILD ROADS NOW IS ADVICE OF TAFT

Don't Leave It Up to the Communities Says Former President at Oklahoma City.

AMOUNT IS NOT TOO GREAT

Time Is Critical and Good Roads Mean Everything to Growth and Prosperity to the State.

Special to The World. OKLAHOMA CITY, April 27.—"Although I am not familiar with the specific provisions of your road bill, I believe the people of Oklahoma should not delay in building good roads. I believe they should spend it now, and I believe they should spend it on a statewide at your present bill provides."

William Howard Taft, former president of the United States, made this statement Sunday morning as he passed through Oklahoma City after spending a week in Oklahoma studying conditions and making addresses for the league of nations.

"I am glad Oklahoma is preparing to meet the road problem in the proper way," Mr. Taft continued. "The experience of other states has shown that if the building of roads is left to the different communities or counties, not only will progress be much slower but never will the state have a complete and well organized system. The state plan is a better one."

MARSHALS TO ENFORCE WARTIME PROHIBITION

Attorney General Palmer Clears Up Doubt as to Who Will Act Under New "Dry" Law.

WASHINGTON, April 27.—Enforcement of national wartime prohibition, effective next July 1, will be undertaken by the department of justice, Attorney General Palmer, in a statement issued tonight, declared that "as long as the act remains in force under its terms it becomes my duty to see that it is enforced like all other laws by the prosecution of such persons as violate it."

The statement of the attorney general definitely settled the question of the agency to take up the enforcement of the act, which apges when Commissioner of Internal Revenue Koper let it be known that his bureau had neither the funds nor a staff available for carrying out the act's enforcement. The voluntary assumption by the attorney general of the act's enforcement also relieves President Wilson of any delegation of authority under the Overman act, which it was thought might be necessary.

WARNED OF MINE BY GUTHRIE BOY

Tulsans Were on Mt. Vernon, Which Missed It by a Narrow Margin.

TO START NEXT WEDNESDAY

Are Turning in Their Equipment Today and Preparing for Trip Home.

TAKING IN GOTHAM'S SIGHTS

Boys Are Being Well Provided With Passes for Trips to New York.

By SERGEANT JAMES A. BRILL. CAMP MERRITT, N. J., April 27. With all the required paper work completed, the "delouner" visited the Tulsa and Tulsans, who Monday will turn in their war equipment and then await orders to entrain for Texas. Indications tonight point toward the Oklahoma boys beginning their third and last lap of their homeward journey Wednesday morning.

Details comprising the character members of the Oklahoma chapter of the Rainbow division will be sent to Camp Merritt, where they will be demobilized. The camp boys' contingent will stop over in Tulsa for a parade followed by a reception planned by the city. The veterans order still held meeting Monday to decide on date of the first annual convention to be held in Tulsa. The officers of the organization: Capt. S. J. Bradford, honorary president; James A. Brill, president; Douglas Frauts, Ray Rider and Lloyd C. Beach, vice president; Joseph C. Chatfield, secretary-treasurer, and Ward K. Halbert, historian.

How narrow was the escape of the Mount Vernon, carrying the Tulsa warrioress, from striking a floating mine, told today by Jeff E. Ewing, of Guthrie, who visited Camp Merritt while on shore leave. Ewing is wireless operator on the S. S. Mount Vernon and himself sent the warning to the Levantian which had to swerve from its course to miss the mine off the Newfoundland coast.

Replacements from the eastern camps will leave the Oklahoma contingent here. Also McCabe McIntosh, Ed. Brown, Earl Aken, Kelley and possibly others of the original company will be left in the east. Van Aken sold 41 Liberty bonds in New York Saturday night in the former Hoffman hotel after the timid feminine captain of the sales team had tried and failed.

While in Camp Merritt the ambulances are enjoying all of the sights of Broadway, passes being issued daily permitting the men to visit New York. Although unable to get new issue clothes the Tulsa men are coming home "dressed up" in military uniforms. No mention of the members of the league, formerly referred to merely as "the body of delegates".

WASHINGTON, April 28.—The state department made public tonight the text of the revised covenant of the league of nations, as it will be presented tomorrow to the plenary session of the peace conference at Paris. The text follows, with parenthetical insertions showing changes made in the covenant as originally drafted and made public:

In order to promote international co-operation and to achieve international peace and security, by the acceptance of obligations not to resort to war, by the prescription of open, just and honorable relations between nations, by the firm establishment of the understandings of international law as to actual rule of conduct among governments, and by the maintenance of justice and a scrupulous respect for all treaty obligations in the dealings of organized peoples with one another, the high contracting parties agree to this covenant of the league of nations.

THE WISHING PLANE

The latest children's story written has been obtained by The Evening World for its little readers. "The Wishing Plane" is a story of the kind that children love to read. It tells of a boy who finds a magic
